NO. 131.

## MANY STATES HOLD ELECTIONS.

Kentucky is One of Six States To Elect a Governor.

## FUSION IN NEBRASKA.

Some Exciting Municipal Contests Are Attracting Great Interest.

New York, Oct. 31.—There will be elections held in twelve States Tuesday. In Massachusetts, Rhode Island, Maryland, Mississippi and Kentucky a Governor and other State officers are to be chosen; in New Jersey, a Governor only; in New York, two Associate Justices of the Court of Appeals; in Pennsylvania, a State Treasurer, and in Nebraska, a Railroad Commissioner and two Regents of the State University. In Ohio, Utah and California, municipal officers are to be selected, while in New York county a number of Judges and Sheriff are to be voted for.

The prohibitionists have a State ticket in all the States except Maryland and Mississippi, and city tickets in Cleveland and Cincinnati, but not in San Francisco or Salt Lake.

The Socialists also have tickets in all the States except Mississippi and Maryland, and city tickets in Cincinnati, Cleveland and Salt Lake, but not in San Francisco.

The Socialist-Labor party has tickets in Kentucky, Massachusetts and New Jersey, while Union-Labor made nominations for city offices in San Francisco.

## SON SHOOTS HIS FATHER

Father Was Advancing Upon His Son With a Raised Ax When the Latter Fired.

Edward White shot and killed his father, Mr. John White, at his home near Casky at 4 o'clock yesterday afternoon.

The father was advancing upon the son with a drawn axe, when the shot was fired.

### REPUBLICAN CAMPAIGN LIES GROW MORE NUMEROUS AS ELECTION APPROACHES.

Unable to squarely meet the charge that Augustus E. Willson is the regularly employed attorney for the Tobacco Trust and its infant industries in the state of Kentucky, which the public records prove him to be the Republicans are seeking, by in doing, to cast some cloud upon the Democratic party and its splendid officials, as if to, by that means, draw attention away from the trust record of the head of their ticket now before the people of the state. To do this, they are, through W. O. Bradley, asking the question whether or not the Democratic party has ever received the sum of fifteen thousand dollars from the American Tobacco Company or any other tobacco company which is now a part of: parcel of the iniquitous and odious combination of wealth which is seeking to grind under its heel the farmers and tobacco raisers of Kentucky. Mr. Bradley, mind you, does not make such a charge, for he

### ON COUNTY'S HANDS

Are The Two Incurrigible Grass Widows.

Jessie Rogers and Lilly Humphreys, the two youthful female toughs who were in police court recently for operating a disorderly house in a cabin near Cate's mill, inside the city, have left the city and have located in "San Domingo," the negro suburb. The girls were under 18 years of age, but both have been married. The owner of the cabin where they lived was required to move them, which he lost no time in doing. It is now up to the county to look after them.

### POLICE CHIEF'S

Report for October will Show Large Business.

Chief of Police Roper's report to the council next Friday night for the month of September will show that the police have been quite busy during the month.

Up to yesterday morning at 8:00 o'clock 113 arrests had been made for various offenses. The fines assessed aggregated \$715.

With two days more to work upon, it is probable that the number of arrests will be further increased.

### SLIGHT INCREASE

In Supplemental Registration Over Last Year.

Up to 3:00 o'clock yesterday evening 109 votes had applied for registration at the County Clerk's office. Last year up to 9 o'clock had registered.

Registration for the first day of the three provided by law for giving absences and persons who were ill or had serious illness in their homes on the regular day a chance to get into line with their party gave the county clerk about all he could do. Since then he has had but little to

## A BIG BLAZE AT TRENTON

Twenty Head of Horses and One Fifty Tons of Hay Destroyed.

### ITS ORIGIN UNKNOWN

The Insurance Will Not Cover Anything Like the Loss Sustained.

About \$6,000 worth of property went up in smoke Wednesday night on the farm of Mr. S. D. Chesnut, 2 miles from Trenton.

The firm of Chesnut & Parham sustained the greater loss. The firm had twenty horses in Mr. Chesnut's stable as well as 150 tons of hay and a large lot of harness, which was discovered to be on fire about nine o'clock. Horses, hay and harness, together with the stable, which was a new and very large one, were destroyed.

When the fire was discovered it had gotten under such headway that it was impossible for the neighbors and people of Trenton to save anything when they reached the premises.

Up to yesterday morning no theory had been advanced as to how the fire originated. The gentlemen who sustained the heavy loss are among the most popular of that section and have, we learn, no reason to suspect anyone of having applied the torch.

The loss in the aggregate will approximate \$6,000. It is reported that the firm had about \$1,500 or \$2,000 on their property, though that has not been confirmed. Mr. Chesnut, the owner of the building, may also have had some insurance.

### Value of Insurance.

Fires originate in unexpected places and from unknown causes. Doubtless some one who reads this article will sustain the next loss. Are YOU insured and have you the best insurance your money can buy? The Giant Insurance Agency, (Incorporated), the leading fire insurance agency in the city, represents ten multimillionaire companies and settles their losses promptly and equitably and guarantees to sell their policies at as low rate as any company doing business. ### CUNDIFF AND PEDIGO

Here This Week Looking After Business in Commissioner's Court.

Deputy Marshal T. J. Cundiff dropped in this week with a bunch of offenders to be tried for retailing liquor without license.

On the way down he had Dock Long, Tom Haigell and Bud Holland, all Negroes, tried at Russellville, but they were not held.

Tobe Tinston of Elkhorn, Ed Washington of Oak Grove, and Ben Johns, a white man, of Fruit Hill, were brought here before Commissioner Young, all of whom were held over and Marshal T. J. Cundiff left with them for Owsboro Tuesday.

Marshal T. J. Cundiff was accompanied by his assistant, T. B. Pedigo.

Died 12:00.

Miss Eliza McKeith died at the home of her sister, Mrs. Sophronia Barron, on East 22d St., last Monday night. The deceased came here with her sister about three years ago. She had been an invalid for some time. She was a member of the Christian Church and was 52 years of age. Funeral services were conducted by the pastor, Dr. H. D. Smith, Tuesday morning and the remains were interred in Riverside

## CORRECT THE EVILS BUT STAND BY THE ASSOCIATION

Congressman Gaines Issues an Address to the Dark Tobacco District Planters:

Nashville, Tenn., Oct. 28.  
To the Members of the Planters' Protective Association:

Realizing that you would rejoice to hear, even indirectly, from your beloved and patriotic general manager and chairman, Felix G. Ewing, I take this means of saying to you, that I have had the great pleasure of reading a nine-page letter written by Mr. Ewing, with pen, in a strong, bold and characteristic style, which clearly indicates to me that his nerves are again in natural repose and his strength rapidly returning. In fact, he says that he has regained twenty-five pounds, but "I am always weak and rickety, pining for home, yearning to pull my part of the association load," although "not capable of doing the hard work of the past, and may not be for many months," but "I will give my thoughts and counsel to it"—the association.

Wise and thoughtful as he always was, and will again be, his "thought and counsel" will be most welcome, whether he is or is not again to "draw water and hew wood" for the Association. But his burdens will be light on his return. By your patriotic and heroic devotion to home, justice and right, through your association, the "load" he helped you to bear as long as he was able to stand up, has been lessened, the enemy has been driven back, inch by inch, day by day—they stand whipped, they have stacked arms and surrendered to your just and considerate demands, and the leaders backed by millions are encompassed by the strong arm of the law, and are being prosecuted in dead earnest, by the Federal government. No, your "load" is not what it used to be. You are practically out of debt, as a result of an inevitable and timely stand you, three years ago took and have gallantly maintained through your association—your last resort.

When Mr. Ewing was stricken down, you were in the midst of the thickest of the fight. Other able and patriotic members took his place and continued the battle; an unprecedented success is yours—a victory, the result of your united and daily effort. Your struggle, as well as your victory, by the advice of a physician, have been withheld from Mr. Ewing, and he now, again, thank God, to read and write, turns his face toward home and friends and asks "What of the hour?" pining to be at the same time "side by side" with you to continue your fight.

"Don't give up the ship!" If Mr. Ewing must die, by such a stand you can give him the chance to say "Victory is ours, I die happy."

From every standpoint—for ourselves and in honor to him—it behoves you to stand your ground, leave no stone unturned—always acting within the limits of the law—to maintain your association. With a watchful eye, keep it and yourself (and compel all others to do so) within the pathway trod by the good, home loving, law-abiding citizens. You have already attracted the attention and admiration of almost the entire agricultural classes of the United States. Even foreigners are writing here to know how our earth farmers ever organized and kept organized, and overcame such a powerful and unscrupulous concern as the tobacco trust and its

betters collaterals.

The diamond reef in Pike county, Ark., may be the "real thing," but the tomato crop in Little Delaware looks like better collateral. Three million dollars in tonnages makes a brave show—New York Sun.

The Royal Month and the Royal Disease.

Sudden changes of weather are especially trying, and probably to none more so than to the scrofulous and consumptive. The progress of scrofula during a normal October is commonly great. We never think of scrofula—its bunches, cutaneous eruptions, and wasting of the bodily substance—without thinking of the great good many sufferers from it we have derived from Hood's Sarsaparilla, whose radical and permanent cures of this disease are enough to make it the most famous medicine in the world. There is probably not a city or town where Hood's Sarsaparilla has not proved its merit in more homes than one, in arresting and completely eradicating scrofula, which is almost as serious and as much to be feared as its near relative—consumption.

Doing Business Again.

"When my friends thought I was about to take leave of this world, on account of indigestion, nervousness and general debility," writes A. A. Chisholm, Treadwell, N. Y., "and when it looked as if there was no hope left, I was persuaded to try Electric Bitters, and I rejoice to say that they are curing me. I am now doing business again as of old, and am still gaining daily." Best tonic medicine on earth. Guaranteed by R. C. Hardwick, druggist, 50c.

Milk-Drinking New Yorkers.

The inhabitants of New York city consume much more milk than do the citizens of London. It is computed that each Londoner drinks one-fifth of a pint of milk each day, while the average New Yorker uses considerably more than half a pint.

foreign allies, who have the farmers in foreign lands by the throat, just as you were less than four years ago.

Your Association is a monumental success, creditable to its founder, its members and allies. It has been the cause, the great measure, of exposing to public gaze, evil doers, lawless wealth and set the officers of the law after them, and they are after them still. On yesterday the Federal Government filed suit in Richmond, Va., attaching to ("confiscates"), 175 cases of cigars and cigarettes, valued at \$7,727.75 being exported by England by the American Tobacco Trust, consigned to its foreign branch, (British American Tobacco Co.), the Government's complaint being that these Trusts were violating the Sherman Anti-Trust law. Under this law last June the government filed another bill—an injunction proceeding—against this Trust, setting out its oppressive and lawless conduct toward you and others. The government is, I honestly believe, in good faith, intelligently pressing these suits. The latter suit, I assure you, two years ago, would be filed.

Soon Congress will meet and your friends there will renew their fight to repeal the six cents tax on tobacco. An "extraordinary" lobby fund has been appropriated to defeat this legislation, while great Trust Lawyers, supported by millions, are opposing these law suits—filed to aid you and others.

Pending dissolution of these Trusts by the courts and the repeal of this tax our Association must be maintained, if no longer. Look back a few years and see your condition—in debt, homes mortgaged, tobacco sold for a pittance or sold at a price fixed by the Trust. A few patriotic men, your neighbors and friends, without money and without experience, but with brains and determination, with big hearts and strong arms, helped you to set up this organization. It was then an experiment, and rich men refused to back it. You then worked out your own salvation. It is no longer an experiment, and you are out of debt with money in the bank. Four years ago your tobacco was sold at from three to eight dollars, that now sells from six to twenty dollars. Four years ago you hunted for buyers and begged them to buy at their price. Now, the buyers hunt you and beg you to sell at your price. You did not expect this yourself. See what a united and patriotic effort can do.

Don't strike down your association, because you can't have your own way, or because there are individual instances of wrong-doing, by members or outsiders. Correct these evils, but do not undermine the Association—leave yourself, your wives and children unprotected from the Trust, that has neither heart to feel, nor conscience to quicken and which mercilessly, for years, oppressed you, until it was challenged and checked by your Association. Upbuild your organization and at the same time in a manly way, fight down wrong doing. Separate the two.

You have much as we all have, for which to be thankful to the God who gave. Let us all be thankful that He has both given and spared to each of us, Feith Grundy Ewing.

Yours truly,

JNO. WESLEY GAINES.

"Pneumonia's Deadly Work had so seriously affected my right lung," writes Mrs. Fannie Connor, of Rural Route 1, Georgetown, Tenn. "that I coughed continuously night and day and the neighbors' prediction—consumption—seemed inevitable, until my husband brought home a bottle of Dr. King's New Discovery, which in my case proved the only REAL cough cure and restorer of weak, sore lungs." When all other remedies utterly fail, you may still win the battle against lung and throat troubles with New Discovery, the REAL cure. Guaranteed by R. C. Hardwick, druggist, 50c and \$1.00. # The Unwilling Hero

In Startling Adventure and Fascinating Mystery

A young man arrives in San Francisco at dusk. He knows but one person in all that great city—a cousin, a man of his own age. Within the hour the cousin is murdered and the stranger is plunged into the midst of an intricate conspiracy. Fate takes him by the hand. Luck points the way. Circumstances, blind, but relentless, rob him of his rightful name and cheat him out of his identity. They make him the champion of a cause he never heard of, the leader of conspirators he never saw and the lover of a girl he dreads to win. Cunningly attacked by unknown assailants and as cunningly guarded by unknown defenders, he is the storm center of a dramatic and relentless struggle.

Both the reader and the hero are "blindfolded." Both are quite as innocent of the past as they are ignorant of the future. The present, full of mystery and adventure, is all they can handle. But very gladly and together they fight against an enemy unseen, with friends unknown, and for stakes undreamed of.

Those qualities, whatever they are, that in mystery most fascinate us; that in adventure most charm us, are the qualities that dominate the pages of

## Victory At Bowling Green.

Hopkinsville High School is coming to Bowling Green with the expectation of taking the Odgen scalp into camp, but they will be a sorely disappointed bunch when they return home," said one of the morning papers of the Park City. To tell the truth it did look a little that way when the team first lined up, but the High School boys were just provoked enough at their poor work at Paducah to play hard. That is exactly what they did. They went into the game with a determination to carry home the victory and show that they do know how to play foot ball.

Capt. Breathitt won the toss and received the kick-off. This was just as it should be. Cravens was sent through for 10 yds on the first buck. Such work put the High School on their metal and they showed fine team work. Tichenor, Earle, Cravens and Meacham alternated in carrying the ball and all the gains were consistent. The backs did not have to buck the line alone but hit it in a bunch and the college boys were slowly forced backward. The entire half was played in Odgen territory. End runs did not net much gain. Line plunges worked well. The High School put up a swell offensive game. Odgen lacked team work. There was no united effort on their part, but there was some good individual playing. High School tried several forward passes and while they were passed well and received, the gain was not sufficient for this play. Odgen tried to run the ends but Capt. Breathitt and Dabney were too much for them. Time and again these little fellows would dump plays which looked too large for big Earle. At no time could the college lad skirt the High School ends. Earle back of the line played like a veteran. Tichenor as defensive tackle surprised many. Rubb at center passed the ball without a fault. The half ended 0-0.

Second half. High School again received the ball. Their gains were as consistent as before. They were no more called "Lunatics." Odgen had nothing to cheer for. By Meacham's superb kicking High School rushed the ball down the field and secured a fumble. Capt. Breathitt kicked a beautiful field goal. Then matters brightened up considerably as the boys kicked at every opportunity. They finally worked the ball to their opponents 30 yds. line when Meacham, the star High School back, made a beautiful run through a broken field for a touch down. There was just one minute to play and in this time High School came very near making a second touch down. Score 9-0.

There are a number of comments that might be made about the High School team. It is quiet evident that they receive little support from town. Bowling Green cleared expenses. At Madisonville the High School team cleared \$70.00 on their game. When High School brings a team here it is almost a foregone conclusion that they will come out in the hole. They should not be. Our boys compare favorably with those of any school at which they have been. In fact they seem to have something in their favor. Yet we are unable to stir up enough enthusiasm to bring teams of our class and have big odds to play against. Nevertheless, wherever they have been they have always been commended for their pluck and knowledge of the game. The boys are going to have some foreign teams here shortly and it seems that the expense ought to be forthcoming from some source. The boys are willing to work. All they wish is support.

### The Weather.

**FOR KENTUCKY**—Showers Thursday. Moderate temperature.

Gov. Beckham will speak at Princeton to day.

The monetary stringency in New York last week was entirely a gambler's flurry, caused by speculation.

Judge Breathitt will wind up his race for attorney general with a speech at Madisonville Saturday.

President Roosevelt will issue the proclamation admitting the new state of Oklahoma to the union on Saturday, November 16.

A message was sent from British Columbia to Ireland by wireless telegraph and the reply received in five minutes.

The contemplated union of the Congregationalist, Methodist Protestant and United Brethren churches at Cleveland, Ohio, was postponed for five years.

Farmers of Henry county are reported to be organizing an "Army of Peace" to ride over the country and persuade farmers to quit selling tobacco to the trust.

In Chicago this year there have been 805 persons killed and 7434 injured in accidents and homicides. In the list is included 102 killings, 18 drownings and 284 suicides.

A sentence of six months in the penitentiary was imposed upon Dr. Walter E. Gillette, former vice president of the Mutual Life Insurance Company, who was convicted of perjury.

Jefferson county, Alabama, which includes Birmingham, went dry Monday by 1,500 majority in a fiercely fought contest at the polls. Birmingham itself went wet by 320, but the victory carries the city into the dry column.

There were 317 weddings in Chicago last week and 48 divorces were granted. Out of 150 new suits filed, 96 were divorce bills. Statistics show that divorces in Chicago amount to 15 per cent of the marriages.

Hans Wagner, of the National League, made the champion batting record during the baseball season. He made a per centage of .350, making

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is through medical remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result and unless treated, it can be taken away and restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for every case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure, send for circulation free.

F. J. CHENEY & Co., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

14 triples and 6 home runs. In addition he stole 61 bases.

The Executive Committee of the Burley Tobacco Society, in session at Winchester, decided almost unanimously against the raising of a crop of tobacco in 1908. A form of pledge was drawn up and resolutions were adopted protesting against lawlessness.

Omaha packers have cut the price of beef products 10 per cent and a further decline is expected. Butter has declined two cents in Chicago and eggs continue to decline. The cold storage eggs are bringing only twenty cents a dozen in Chicago.

There are evidences of a general break in the ranks of striking telegraph operators in New York as large numbers have applied to the companies for reinstatement. One of the companies received thirty applications within twenty-four hours.

The contest for Mayor of Cleveland between Tom L. Johnson and Theodore Burton is attracting attention all over the country. Registration has reached a total of 95,000, which is nearly 20,000 in excess of the normal vote in the city election.

Gen. Maximoffsky, director of the department of prisons of the Russian Ministry of the Interior, was shot and killed Monday at St. Petersburg. Several shots were also fired at Vice Governor Buckow, but his life was saved by a steel jacket he wore under his clothes.

A tobacco army of 500 men will be mobilized at Livermore, in McLean county, and buyers at Livermore and Calhoun will be requested to withdraw from the field and rescind all contracts made with farmers for the 1907 crop. One buyer was run out of McLean county Tuesday.

"I never felt better over our prospect. Our organization will stand like a stone wall on election day and our people everywhere are hopeful and encouraged. I am more firmly of the opinion that even the Republican majority in the Eleventh district will be cut down, while we will increase ours in the First." — H. B. Hines, Chairman.

Ladies' hats are so much larger this year than usual they are proving to be a positive nuisance in gatherings where everybody cannot have a front seat. A Louisville dispatch says the Ministerial Association of that city will likely consider the question and may request all ladies to remove their hats in church, just as they are required to do in theatres.

The Clarksville Star gave its city administration an editorial roast on account of the untidy condition of things during the Odd Fellows Grand Lodge meeting, when 900 strangers were in the city. The article concludes as follows: "Clarksville has lost a fine opportunity to advertise herself as a beautiful, cleanly, sanitary and attractive city. Oh, for a trumpet to blast to wake the sleeping statesmen."

### SYNOD

Of Cumberland Church In Session at Bowling Green.

The Synod of the Cumberland Presbyterian church convened in annual session at Bowling Green for a few days' session last Tuesday.

Rev. A. C. Biddle and Messrs. J. R. Brane and Gus Wiley, of this city, are attending the sessions of the synod. Revs. Biddle and J. T. Price, of Providence, replied to the address of welcome by Mayor Wilson on behalf of the city and addressed by representatives of the legal profession, the educational interests and the ministry of the city.

The missionary meeting will be largely attended. Meadness H. N. Fentress, A. J. Reeder, Ed Clark, G. W. Wiley, and Misses Clara Braden, and Lois Rader attended.

### Diamonds Recovered.

Eleven diamonds valued at \$4500, stolen from Mrs. H. H. Holman's room in the Louisville hotel, were recovered by detectives who went to a woman who had been in the room and told her the diamonds must be found or criminal prosecution would follow. Later they were found in a conspicuous place in Mrs. Holman's room.

### Campaign Lies

(CONTINUED FROM FIRST PAGE)

up to Mr. Bradley to make because of the humiliating position Augustus E. Willson has placed himself in by making an effort to extricate himself from the charge against him of being a hireling of that particular trust which is at this time largely in the public eye in the first state of the union to successfully combat it. When Mr. Willson was denounced as a falsifier for declaring that William J. Bryan came into Kentucky early in October under pay to speak for the Democratic state ticket, he weakly responded that he couldn't prove a word of what he had uttered, but that he, nevertheless, believed what he said. Now, will Mr. Bradley make such a response to the denial of the Democratic leaders of Kentucky of the truth of the charge and that he produce his proof, or never more repeat the outrageous slander.

It has come to be a part of every campaign conducted by Republicans in Kentucky that certain of their speakers devote themselves to slander of the party in power; that figures be jugged in an effort to show up state officials as rascals and grafters. Until within the last two weeks the making of such charges and the piddling of such slanders was delegated to a small bore politician whom the Republicans have put forward as their nominee for secretary of state. Evidently they found out that his charges, though outrageous in the extreme, were attracting too little attention, so Mr. Wilson and Mr. Bradley, those twin corporation lawyers, were substituted for the unattractive Bruner. Wilson led off with his charge against Bryan, which, so quickly called by Democrats of prominence, proved a boomerang to him and detrimental to his interests. Even Republicans resented this monstrous slander against the man who stands at the head of the Democratic party in the nation. Then came the charge from public records that Wilson is a Tobacco Trust lawyer. Unable to answer it, after udoging about for a week or more, he contented himself by calling the governor of his state "Crappy," by calling his distinguished opponent "Incompetent," and by calling Ollie James, the big congressman for the First district, a "Tumble-bug." This is his explanation of his trust connections. After dealing in pyrotechnics he dropped out of sight for a day or two and Bradley comes up with his implied charge about Democrats receiving campaign contributions from the tobacco companies. Produce your proof Mr. Bradley, or like Wilson, drop out and let some other Republican leader come to the front with a new charge which has better foundation. Speak from the records as have the Democratic leaders orators in their criticism of your military record while governor, of your record as a liquor attorney and as chief counsel for fugitive Taylor, and as they have in proving Mr. Wilson to be the attorney for the Tobacco Trust.

The Clarksville Star gave its city administration an editorial roast on account of the untidy condition of things during the Odd Fellows Grand Lodge meeting, when 900 strangers were in the city. The article concludes as follows: "Clarksville has lost a fine opportunity to advertise herself as a beautiful, cleanly, sanitary and attractive city. Oh, for a trumpet to blast to wake the sleeping statesmen."

### CONFERENCE CLOSES

Dr. Massee Preached Last Sermant Tuesday Night.

Dr. Jasper C. Massee preached the last sermon of the Bible Conference at the Baptist Church Tuesday night on the "Holy Spirit," and the baptism with fire. The auditorium was filled and some were seated in the Sunday School room. Pastor Jenkins commented favorably upon the attendance during the Conference and Dr. Massee, before beginning his sermon, expressed his delight at having been present to take part in and enjoy the Conference.

His last sermon, like all he has prepared, was able, profound and delivered with all the graces of an orator.

No prayer meeting service was held at the Baptist church last night.

### New Hotel

A stock company is being organized to build a \$150,000 hotel of brick and stone at Grayson Springs to take the place of the one burned some few months ago. The new edifice will be situated upon the hill over the springs and will be reached by elevators from the lower level.

BIG CROWD  
Attended Initial Number of Tabernacle Course.

FATHER AND SON  
Very Sick at Their Home in Guthrie.

A large and appreciative audience greeted the Elma B. Smith Co. at the tabernacle Tuesday night. This was the first of the series of attractions of the tabernacle course for this season.

The entertainment throughout was of a high order and the four persons composing it are all artists in their lines. Every number was applauded to an encore. As a child impersonator Miss Elm Smith stands without a peer. Her petite figure and voice are specially suited for readings she has selected for this season's work. Time and again she was called back and the little woman seemed to make a more decided hit at each response.

Mr. Cecil Burleigh, the violinist, is one of the best that has ever appeared in this city. He is master of his instrument, and for a man of his years he is a wonder. When he first touched the strings of his instrument it was evident that a master was on the platform. When he muted his instrument and began "My Old Kentucky Home," everything was as still as death. Our people have heard "Dixie" on the violin many times, but never like Burleigh gave it.

Of Miss Agnes Ambrose, the pianist, too much cannot be said. Her first rendition with the left hand was wonderful. She can produce as much music with one hand as many professionals can with both. She scored a big success and as she accompanied Burleigh's violin solos one could hardly tell which instrument he had rather follow.

The next attraction will be Friday, Nov. 15th—Frederick Warde, tragedian and reader.

## ALLEN ALLENSWORTH

Wants to Call a Convention to Solve the Race Problem.

Los Angeles, Cal., Oct. 30.—Rev. Allen Alensworth, a Baptist minister, of Bowling Green, Ky., has addressed a communication to the colored people of the United States asking for expressions regarding the holding of a national convention, looking to the solution of the race problem in the Southern States, and the desirability in particular of establishing a purely negro community in some part of the United States.

### Another Wildcat Story.

With the desperation and ferociousness of an enraged lion, fighting with all of its power, whipping two large dogs, a wildcat could not be captured until two bullets were sent crashing into its body Saturday night out near Wildwood, a station three miles southwest of town on the L. & N. railroad, says the Allen County Times.

Arthur Sexton, Gilbert Wilson and four other young men were out hunting "possums and had waded around in the timber for some time without their efforts being rewarded when, without any warning, a large wildcat sprang upon the dogs and a fast and furious battle raged for a few minutes, but the strength and fighting proclivities of the maddened animal was too much for the dogs, they whipped into silent submission very quickly. At this juncture the young men becoming alarmed, fearing the animal would turn upon them, fired two bullets into its body, killing it instantly. The young men brought the wildcat to town and it is now on exhibition at R. E. Wilson's grocery store, East Main St.

### First Wild Geese.

The first wild goose shooting of this season was done by Granville Hale, of this city, who succeeded in killing three fine fowls Monday evening, says the Uniontown Telegram. Wild geese are scarce in these parts and hard to kill.

A portion of the stock of the wagon factory is being moved into the new building of the Forbes M'F'G Co., preparatory to moving all the machinery. New machinery is being received and put in position. The saw mill will be put in operation in a few days, about the first of next week.

### A Good Law.

Thanks to the good work of the last General Assembly, there is a law upon the statute books which provides penalties for hiring a horse from a livery stable and making false representations as to how far the animal is to be ridden or driven, says the Louisville Times. The law was enacted primarily to protect livery stable keepers from loss, but it operates to protect dumb animals from the brutality of persons who have no mercy upon them. The law has been enforced recently in several counties, and the men convicted have, in most cases, been worthless negroes. The lot of the "livery horse" is an extremely hard one under the most favorable conditions. When the animal is rented to irresponsible rustics who represent that they are to drive it five miles and drive it fifteen regardless of what service it may have done on the same day, its sufferings are intense, and the ends of justice are not more than met when the offender is made to pay the extreme penalty. Every livery stable keeper should be conversant with the law and should make every effort to enforce it.

### Gone to California.

Mr. George Blair left Tuesday night for Los Angeles, Cal., where he expects to go into business. He has been in poor health for a year or more and goes to California with the hope that his health will be improved.

Mr. Blair has been with the Home Telephone Co. since the service was installed four years ago. He held the position of wire chief and most faithfully did he attend to his department. He is a moral, upright young man and takes with him the best wishes of the many friends he has made since coming to Hopkinsville.

### DEATH WAS SUDDEN.

Mother of Dr. Oldham Passes Away.

Mrs. Susan Oldham, mother of Dr. J. E. Oldham, of this city, died suddenly at her home in Elkhorn Tuesday morning. She returned the night before from a visit to Franklin, Tenn. She was not feeling well and failed to come down to breakfast. Her daughter took her a cup of coffee, from which she took a spoonful and dropping back on her pillow, expired in a few minutes. Her husband died in the same sudden manner July 7.

## LAID TO REST

Body of Mr. Latham's Son Arrive this Morning.

The remains of little John C. Latham, Jr., were to arrive here last night and were to be taken to the Latham homestead.

Funeral services were held in New York City. The body will be placed in the Latham mausoleum this morning at eleven o'clock.

### MANY SPEAKERS

Will Discuss Questions At Coming State Development Convention.

Plans for the 6th Annual Kentucky State Development convention to be held in Louisville on Nov. 19th, 20th and 21st are rapidly maturing and acceptances are being received from eminent speakers who have been invited to take part in the program.

Every line of industry will be given due attention on the program, speakers of wide renown discussing topics which are now occupying the minds of the citizens of Kentucky. A local Committee on Arrangements, composed of a dozen leading business men of Louisville, has the work in charge and it is evident at this time that the 6th Annual State Development Convention will be the greatest meeting of all. Low railroad rates have been practically secured by the committee on transportation under chairmanship of W. A. Russell, General Passenger Agent of the L. & N. Railroad Company, and the hotels are being prepared to entertain without advance in rates. Letters of investigation are being mailed daily to leading citizens of Kentucky and it is expected that there will be at least six hundred persons on the floor of the convention.

Forest conditions in the Appalachian Range, and in Kentucky in particular, will be discussed by W. L. Hall, Assistant to the Chief of the United States Forestry Service. Mr. Hall has had charge of the recent investigation into the Hardwood situation and is well prepared to teach Kentuckians needed lessons in the conversations of their forests.

Agriculture will be discussed by W. M. Hayes, Assistant to Secretary of Agriculture, Wilson. Other topics of interest will be as well covered and it is anticipated that much good will accrue to the State through the medium of the Convention.

### Trouble Brewing.

"Day riders" waited on J. Whit Clark, at Morganfield, and Henry Ruby, buyer for the Imperial Tobacco Co., at Uniontown, and asked them to quit buying. A delegation also waited upon Jno. H. Hodge, at Henderson. Following the visit, in a signed statement appearing as an advertisement in both of the Henderson dailies, the American Tobacco Company, the Imperial Tobacco Company, Dibble, Glover Co., Calisher Limited, John H. Hodge, Nosworthy & Argue and Arthur B. Jarvis, all state that they will buy tobacco in Henderson as usual this winter.

## MANY STATES HOLD ELECTIONS

(Continued from First Page.)

There is only one ticket—the Democratic—in Mississippi, and the result, of course, is not doubtful.

### TEN TICKETS IN MASSACHUSETTS

In Massachusetts there are ten tickets, five being divided among Democrats, who are engaged in a factional fight with the State delegation to the National Democratic Convention next year in prospective. The Ballot Law Commission decided that Henry M. Whitney was the nominee for Governor.

In Nebraska the Democrats and Prohibitionists fused on the officials to be voted for throughout the State.

In Maryland there will be a straight contest between the Democrats and the Republicans, only the two parties having made nominations for State officers. In addition to these House of Delegates and one-half of the State Senate are to be elected.

The next Legislature will choose two United States Senators—one to fill the unexpired term of the late Arthur T. Gorman, and the other to take the place of Senator Rayner.

The Republicans adhere to the plan of senatorial election, but the Democrats are to put into effect a new senatorial primary plan, which requires every member of the Legislature to vote for the candidate receiving the largest vote in his district.

The senatorial primaries, so far, at least, as the Democrats are concerned, will hereafter be a part of the regular elections in Maryland. These aspirants for the long term will be voted for November 5, the candidate for the short term having no opposition.

The local elections, particularly in New York county, Cleveland, Louisville, Cincinnati, Salt Lake and San Francisco are of particular interest this year.

## GRANDPARENTS TELL ABOUT PE-RU-NA.

### Catarrh Fifteen Years.

Mrs. S. A. Rogers, LeMoore, Cal., writes:

"I had chronic catarrh of fifteen years duration and almost never slept in the same in the face. I tried several so-called catarrh remedies, and without avail. I took fifteen bottles of Peruna and five bottles of Manalin, and I am completely cured. All the catarrh symptoms are gone. My appetite is good, and I rest well at night. I am seventy years of age and I hope to live many more years to praise Peruna to all my friends who suffer from catarrh as I did."

Mrs. S. A. Rogers

THOMAS BECKWITH

Cough and Indigestion.

Thomas Beckwith, 11 Kitchell St., Auburn, N. Y., writes:

"I was troubled with a cough and indigestion. Thanks to your advice and Peruna I am in good health now. I was taking Peruna for a month last week. He told me he took Peruna for winter, and he is in the best of health, working every day and speaks highly of your medicine. I shall feel it my duty to recommend Peruna to all my friends."

A great many testimonials from people of high rank and people in the ordinary walks of life are received every month. Catarrh in all its forms, catarrh of the different organs of the body; senile catarrh, chronic catarrh, catarrh that has baffled other remedies—all these are giving to Peruna unqualified and unsolicited endorsement.

I am eighty-three and a half years old, and feel as young as I did ten years ago.

"I visited recently among some old friends, who said I looked as young as I did twenty years ago. I thank you for your kindness to me, and hope you may live long to benefit suffering humanity."

"Believe Peruna is the best medicine in the world for all catarrhal diseases."

—Mr. J. W. Palmer, 140 Towes Ave., Superior, Wis.

### Rheumatism of Old Age.

Mrs. Caroline Trunk, 178 Jefferson Ave., Phoenix, III., writes:

"I have a very painful trouble for six years, consisting of rheumatism in the back and in the thigh. I used a great many remedies, but nothing relieved me. Then I used Dr. Hartman's Peruna and two bottles of this entirely freed me of the rheumatism. I wish to keep Peruna in my medicine chest always. This is the best medicine I have found. I can't afford to pay for it, but I can afford to buy it. I can recommend any one to take for rheumatism."

### Catarrh All Through My System.

Mr. Robert Metters, Mandeville, Colo., Neb., Box 45, writes:

"I commenced to take Peruna the first of last February. I took it as nearly as possible according to directions. I got a Peruna pincushion and for the first three weeks I learned that my trouble was systemic catarrh. I had catarrh from my head all through my system. I took Peruna until it was entirely cured."

### VICTIM OF FEVER.

Dire distress, Diabetes, Bright's disease, a

M. G. Long, farmer, one of the known residents of the county, who lives on the large farm which he owns, on the Franklin road, one and a half miles east of Russellville, Ky., says: "I had marked symptoms of kidney ailments, particularly in connection with the kidney secretion which at times were most irregular and distressing. Once in a while I would feel a heavy, dull aching across the small of my back, always more severe after any over-exertion. My attention was attracted to Doan's Kidney Pills by advertisements in the papers and the statements made by the people who had tried them led me to believe that they could be depended upon. I procured a box and before I had used the contents there was a vast improvement in my condition, enough to prove to my satisfaction that Doan's Kidney Pills are fine kidney and bladder troubles."

## NEW IDEA IN SALAD.

Always Popular Dish Put Up in Novel Manner.

This salad is arranged on individual plates. Take six small lettuce leaves, and arrange them around the plate; in the center of these leaves put about one tablespoonful of salad dressing; this makes the center of the daily points which have been made out in the arrangement of the salad of hard-boiled eggs. Take the yolks of the hard-boiled eggs, and by mashing them through a strainer and scattering them over the tablespoonful of salad dressing, it will give it a rough appearance, and will give the finishing touch to quite a good counterpoint of a dish. The dressing for the salad is made by beating together three eggs, adding to this one cup of milk, two tablespoonfuls of vinegar, half a teaspoonful of salt, the same of white pepper, two teaspoonfuls of mustard, but the size of an egg made into a smooth paste by mixing with two teaspoonfuls of water. Boil for about 20 minutes, or until it thickens; when cool arrange on the lettuce leaves.
